1. [] Talked with Mr. Wattles about the letter from Representative Thomas Downing (D., Va.) to the Navy about the interest

[]
It was agreed that the response to Downing indicating that the property in question was not available would be sent through Navy channels. We advised Mr. Wattles that although Representative Downing had expressed an interest in talking to us about the property at [] we have no current obligation to contact him on the matter and will do nothing on this unless the Congressman gets in touch with us. Mr. Wattles left with us briefing papers on the subject in the event we should need them.

He raised this question in connection with Civil Service's review of proposed CIA Retirement Act amendments referred to them by OMB for comment. I told Gastley what I knew of this situation and we agreed to take it up with [] on his return on Monday.

10. (Secret - JMM) Met with Dorothy Fosdick and Richard Perle, in the office of Senator Henry M. Jackson (D., Wash.), and briefed them on recent developments regarding Soviet space programs, Soviet tactical air buildup in the Far East, and ChiCom airfield facilities.

11. (Confidential - GLC) Talked with both Ralph Preston, House Appropriations Committee staff, and Bill Woodruff, Counsel, Senate Appropriations Committee, about action that would be taken on the continuing resolution before it expires on 6 August insofar as the Radios were concerned. Both men said that the Radios would be included in a new resolution which would have to be passed before the 6 August recess and would have to cover a period in excess of 30 days (Woodruff assumes it would be 60 days) since Congress will not reconvene until 8 September.

Woodruff commented it appeared fairly certain that some form of restriction would be placed on operations by amendments to the foreign aid authorization bill when it is reported out of the Foreign Relations Committee. 25X1C

12. (Unclassified - GLC) In response to his query of yesterday I recommended to Harris Miller, on the staff of Representative William Moorhead (D., Pa.), that he contact the office of Jerome H. Jaffe, the President's Director of Special Action Office for Drug Abuse Prevention. Miller said this was an excellent suggestion and added that he would call that office.

13. (Confidential - GLC) In the absence of Senator Edward J. Gurney (R., Fla.), I talked to his personal secretary, Lois Elliott, about the inquiry the Senator's office had directed to the Department of Labor regarding payments being made to the widows and families of the "Birmingham flyers." As we expected, Miss Elliott said Senator Gurney was not aware of the constituent inquiry which prompted their contact with the Department of Labor. I advised her these men were not soldiers of fortune as alleged by the constituent and left with her a suggested reply which merely said the Senator had looked into the matter and found payments being made were in accordance with applicable law. She said she was sure this would satisfy their needs.

7. (Unclassified - GLC) Mr. Larry McHugh, on the staff of the Joint Economic Committee, called with further reference to the Committee's hearings which will include testimony on the status of the Soviet economy. He said that Dick Davies, of State Department, has agreed to testify before the Committee at 2 p.m. on 9 August. McHugh has been unsuccessful in getting through to the right people in the State Department, but wanted to be certain that we were in touch with the Department to give them whatever information we had to contribute on the subject. I told McHugh I would assure this was being done and passed this message to Mr. Paul Walsh.

8. (Confidential - GLC) Met with Bill Woodruff, Counsel, Senate Appropriations Committee, and left with him a New China News Agency broadcast allegedly quoting statements made by Senator Ellender as to the size of the U.S. budget. Woodruff said the Chairman would be interested in this and thanked me for bringing it to him.

I took this opportunity to brief Woodruff on the fact of the Director's budget sessions with the House Appropriations Committee, the problem which the flood of bills such as the Church, Cooper, and McGovern bills would create for the Agency, and the situation regarding contacts made by the Ribicoff/Muskie Subcommittees and Representative Rogers on the drug situation.

9. (Unclassified - GLC) After conferring with the Director, I contacted Robert Maher, on the staff of Representative Paul Rogers (D., Fla.), to tell him I had talked with the Director and while we could not release the TDCS to the Congressman, the Director was happy to have [redacted] meet with Mr. Rogers to brief him on the Agency's role in assisting in coping with the overall drug problem. This meeting was scheduled for 10 a.m. on Friday.

After checking the Memo for the Record and conferring with Mr. Maury, I called him back and gave him a summary of what was said.

25X1A

2. (Unclassified - RJK) Talked to Ellen Laden, in the office of Senator Lawton Chiles (D., Fla.), who asked for the "CIA report on drugs in Southeast Asia." I explained to her that the Bureau of Narcotics and Dangerous Drugs was the action agency on drug problems. I told her that the report she was interested in had appeared in the Congressional Record on either 2 June 1971 or 9 June 1971. She appreciated the assistance and said nothing further was required of this Agency.

12. (Confidential - GLC) Ed Braswell, Chief Counsel, Senate Armed Services Committee, called and asked if we could be available to brief Senator Stennis and Senator Margaret Chase Smith on the Agency's budget tomorrow morning. I told Braswell that the Director and all of our budget people would be attending a budget hearing with the House Appropriations Committee tomorrow, making the session with the Senators impossible. I emphasized, however, that we were not only willing but anxious to brief Senator Smith on the Agency's budget since she had been unable to attend the budget hearing with the Senate Appropriations Intelligence Operations Subcommittee. Braswell said he would explain the problem to Senator Stennis and added that he would probably ask us to do this sometime before the end of the week.

Braswell suggested that we be marshaling our arguments against S. 2224, Senator Cooper's bill to require the Agency to transmit to the Congress intelligence information and the Agency's analysis of it. We discussed the impact of this legislation at some length, but Braswell suggested that we wait until we had had further contact with the Committee before we submitted views on the bill.

8. (Unclassified - GLC) After checking with the Acting DDI on the procedure followed in a similar situation in 1969, I called Larry McHugh, on the staff of the Joint Economic Committee, concerning the JEC's request to have the Director appear at an open Committee session next month to testify on the Soviet economy. I advised McHugh of Senator Proxmire's call to the Director, the Director's consultation with Senator Stennis, and our understanding of the latter's contact with Senator Proxmire on the subject with the ultimate understanding that the Director would not testify but that the Agency would cooperate by assisting the State Department in the preparation of testimony on the subject. McHugh was not aware of any of these contacts and thanked me for advising him. I indicated that if there were any further questions to let me know.

9. (Confidential - GLC) Checked with Ralph Preston and Austin Smith, of the House Appropriations Committee staff, on arrangements for tomorrow's budget hearing.

10. (Unclassified - GLC) At their request I gave copies of the pocketbook edition of the "Pentagon Papers" to Bill Woodruff, Counsel, Senate Appropriations Committee, and to Ralph Preston, House Appropriations Committee staff.

11. (Confidential - GLC) In response to an earlier inquiry, I advised George Murphy, Joint Committee on Atomic Energy staff, that we had received word [redacted] Soviet technician who defect [redacted] had practically no information in the computer field other than some familiarity with the M 220 computer which we understand to be an outdated model. Murphy said this covered his request.

5. (Unclassified - GLC) Ed Braswell, Chief Counsel, Senate Armed Services Committee, called regarding the article by Tad Szulc in the New York Times discussing a document reportedly prepared by the Agency on the latest Viet Cong peace proposal. Braswell commented that this appeared to be a leak from an Administration source and added it was very difficult for people on the Hill to take a stand against indiscriminate leaks of classified information when it appears that the Administration is engaging in the same practice. I told him we were very concerned about the article also and added Mr. Maury was on the Hill and would be seeing Senator Stennis and him during the course of the day. I told him Mr. Maury might have some further thoughts on this.

6. (Secret - GLC) Mr. John Clarke, D/PPB, called to advise he had notified Bill Woodruff, Counsel, Senate Appropriations Committee, that a careful review of the situation has brought us to the conclusion that if it should become necessary to terminate Radio Liberty and Radio Free Europe the estimated termination cost was [redacted] (see Mr. Clarke's Memorandum for the Record). This is the figure that will be used in the budget briefing of the House Appropriations Committee on 13 July.

7. (Secret - GLC) Picked up from Bill Woodruff, Counsel, Senate Appropriations Committee, Senator Ellender's letter to the Director (with a similar letter to Assistant Secretary of Defense Packard) asking that Defense and the Agency make a decision in favor of either the DOD or Agency sensitive readout systems. This has been forwarded to the Director and copies sent to Colonel White and Mr. Duckett.

8. (Unclassified - GLC) Bill Shinn, a State Department intern now working in the office of Senator Adlai Stevenson III (D., Ill), called in connection with the bill introduced by Senator Cooper. Shinn recalled the briefing we had given Representative Brad Morse (R., Mass.) on Africa prior to the Congressman's travel there and asked if the Agency did this with other members. I told Shinn that we try to be responsive to requests of this sort whenever we could do so. Shinn obviously was concerned with the impact of the Cooper bill.

7. (Secret - GLC) Met with Bill Woodruff, Counsel, Senate Appropriations Committee, and briefed him on several current intelligence items including ChiCom MIG-19 production, latest information on the "Back-fire" bomber, the Soyuz 11 problem, the nuclear test on 30 June, and the latest evidence of ICBM silo construction.

(Secret - GLC) Met briefly with Ralph Preston, House Appropriations Committee staff, and firmed up arrangements for the Director's meeting with Chairman Mahon tomorrow morning and our budget hearing next Tuesday, 13 July. Both meetings will be held in Room H-140 of the Capitol at 10 a.m. No transcript will be taken at either of these sessions.

10. (Confidential - JMM) In a telephone conversation I explained to Senator John Stennis that the Director wished me to consult him about two problems, one involving a request from Senator Proxmire for the Director's appearance before an open session of the Joint Economic Committee, and one involving a request from Senator Muskie for [redacted]. Senator Stennis said he would call me later to fix a date for a meeting but in the meantime wanted to tell me he was concerned about Senator Cooper's bill to make CIA information available to the Senate as a whole, and wanted to speak against this bill, and at the same time pay tribute to the Agency. He asked that we prepare material suitable for this purpose to be available early next week.
